CLOSED

As outlined by the recent Julia Shepardson's email, I hereby request board to reallocate some of the funds from lower priority projects and set additional 100,000 USD to fight coronavirus initiative in Nepal.

Board will make a final decision via web ballot on when to send money and the purpose at a later date based on the request made from the team working on the ground.

Any surplus funds generated from the coronavirus fundraiser will be used towards fulfilling the fund for projects that was originally set aside for. Any further remaining funds will go towards new projects approved by ANMF.
