ICU at Rapti Academy of Health Sciences 19RAHS001

The ANMF Board approved changes to the implementation of the project 19RAHS001 – ICU for the Rapti Academy of Health Sciences (RAHS)– for USD \$58,010. ANMF/Nepal will disburse funds to RAHS for ICU equipment.

15 Yes and 1 No.

Web Ballot: Rapti (RAHS) ICU Set Up - MOU Update

CLOSED

Due to Covid19 pandemic, Rapti Academy of Health Sciences (RAHS) had to immediately set up Intensive Care Unit(ICU) as the government designated it as level II [Corona virus designated special hub) hospital.

The procurement of ICU equipments have been done and ICU setup has been completed solely by RAHS. It is requesting ANMF Nepal to reimburse for the agreed-upon fund. Though there has been deviation from point #4 of MOU (which states that equipments purchased by ANMF Nepal will be handed over to RAHS), ANMF understands the difficult and serious situation from the pandemic and crucial need for setting up ICU at RAHS and thus agrees with the decision of ANMF Nepal to disburse the amount of 58010 USD to RAHS to fund for the equipments that have been purchased by RAHS.
